# Key features

In the realm of early childhood education, where the foundation for a lifetime of learning is meticulously laid, "Clatter Chatter" emerges as a beacon of innovative pedagogy and holistic development. This vibrant book set for pre-primary education is a testament to the harmonious blend of key concepts and patterns advocated by the National Education Policy (NEP) 2020 and the principles outlined in the National Curriculum Framework (NCF) 2022. "Clatter Chatter" embraces the essence of holistic development, recognizing that young learners are like sponges, ready to absorb knowledge and experiences across multiple domains. With an unwavering commitment to nurturing cognitive, social, emotional, and physical growth, this book set aspires to be every child's guiding companion on their journey of discovery and exploration.

At the heart of "Clatter Chatter" lies the belief in the power of play-based learning, where children's natural curiosity is harnessed through interactive activities and hands-on experiences. Here, learning is not confined to the pages of a book but extends to the vibrant world around them, encouraging creativity and fostering a genuine love for learning.

Clatter Chatter thoroughly designed according to Bagless concept in which pupil need to carry minimum weight due to its 3 term pattern including all the subjects accomplish with tearable activity book with all respective sets of books.

## SEMESTER-WISE BOOKS

Here's why "JUKE BOX" strikes a harmonious chord with the future of education:

### Complete Syllabus, Two Semesters:

Bid farewell to the hassle of carrying multiple textbooks. "JUKE BOX" divides the entire academic year into two semesters, providing a comprehensive curriculum in just two portable volumes. One book at a time lightens the pupil's load while making learning focused and efficient.

### Digital Integration:

The heart of "JUKE BOX" is its seamless digital integration. Our mobile application, readily available for download, complements the textbooks beautifully. It brings learning to life with video lectures and captivating animated videos that align perfectly with NEP 2020 and NCF 2023.

### Teacher's Ally:

"JUKE BOX" goes beyond the student experience. It equips teachers with a treasure trove of resources, including lesson plans and supplementary materials, ensuring that educators are well-prepared to deliver engaging and insightful lessons.

### Test Paper Generator:

The learning journey isn't complete without assessments. "JUKE BOX" simplifies this process with a built-in test paper generator, allowing teachers to craft custom tests, quizzes, and assignments with ease.

**Glanz Books International P. Ltd.**

# Special features

The **Beyond the classics series** is designed to help students develop their English language skills in a systematic and progressive manner. The series covers various aspects of English including grammar, vocabulary, reading comprehension, writing, and listening skills. Each grade level in the series introduces new concepts and builds upon the knowledge gained in previous grades. The curriculum is designed to be interactive and engaging, with activities and exercises that encourage students to actively participate in the learning process. The series includes a wide range of topics and themes that are relevant and interesting to young learners. It incorporates a combination of age-appropriate texts, stories, poems, and activities that cater to the different learning styles of students. The series also includes assessments and evaluations to gauge students' progress and understanding of the English language. These assessments help identify areas of improvement and provide feedback to both students and teachers. Overall, the English series for classes 1-8 aims to provide a comprehensive and well-rounded English language education, enabling students to develop strong communication skills and a solid foundation in the English language.

# Inside the book

## Inside the book

### Let's Read

This section is dedicated space to the core context of the chapter, after warm up child will easily understand the main text and its exercises. Can I answer? tab is provided under this heading which enable child to answer orally.

### Let's Warm up

This heading enable child to know about the context before the context is introduced. Connecting the content with the child knowing surrounding creates more interest towards learning. This feature reflects the skill development module of NEP and NCF 2023.

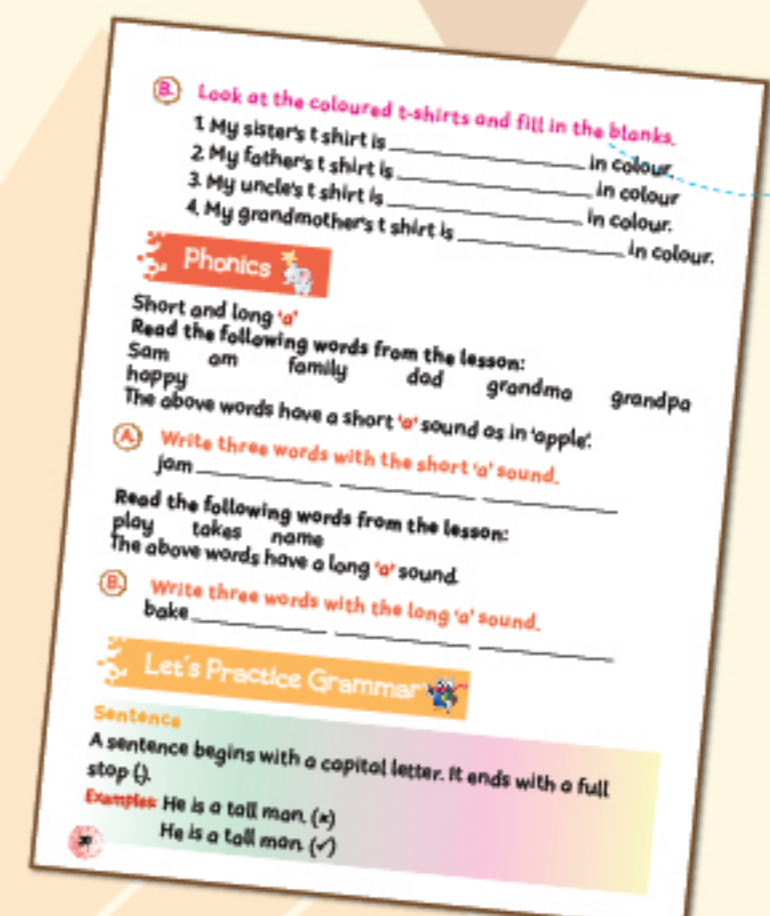

### Phonics & Grammar

Knowledge of phonetics related to main text helps child to develop phonetic skills. With the knowledge of language and grammar, phonetics are equally essential. Interesting activities of phonics is added.

### Let's Speak & Let's Build Life Links

Exercises and questions related to life skills are provided for better understanding and holistic development of a child.

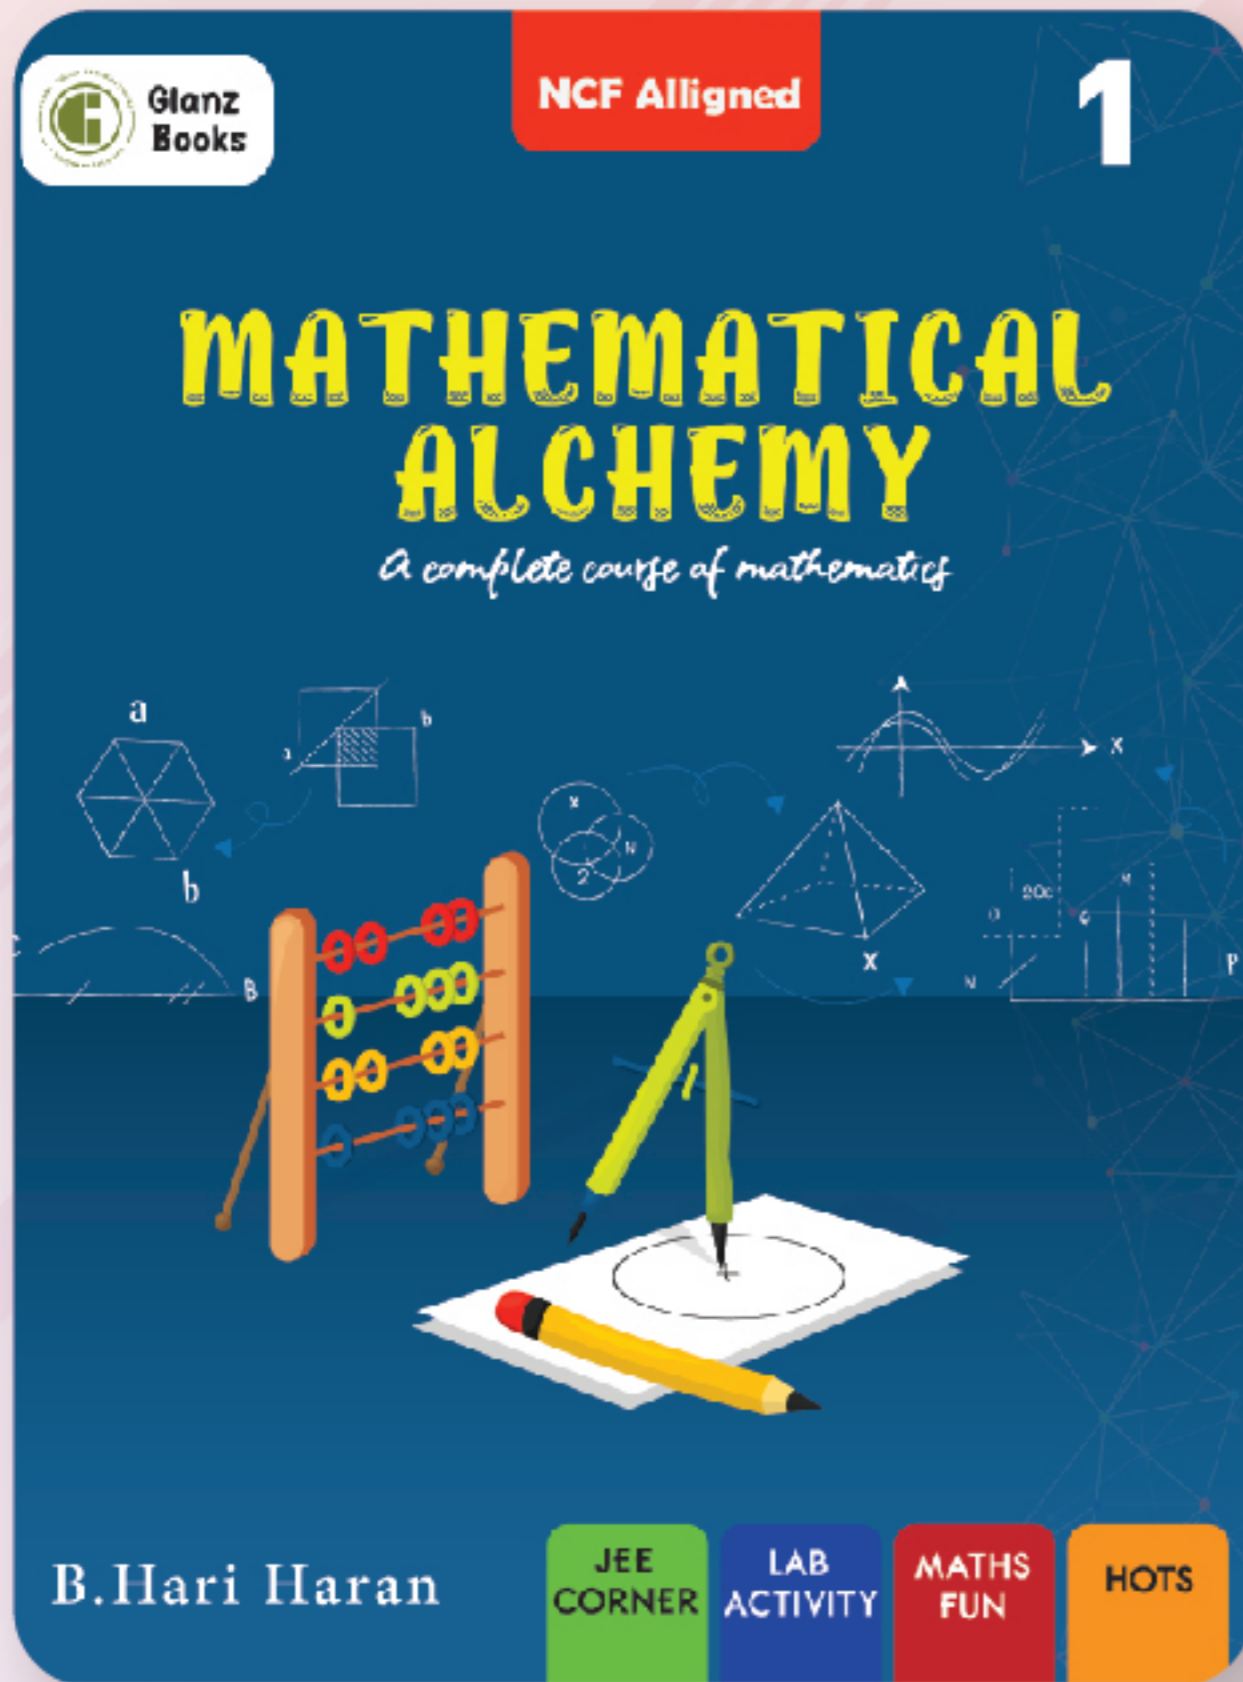

Let's speak comprises of the questions related to conversation, speaking and listening.

# Special features

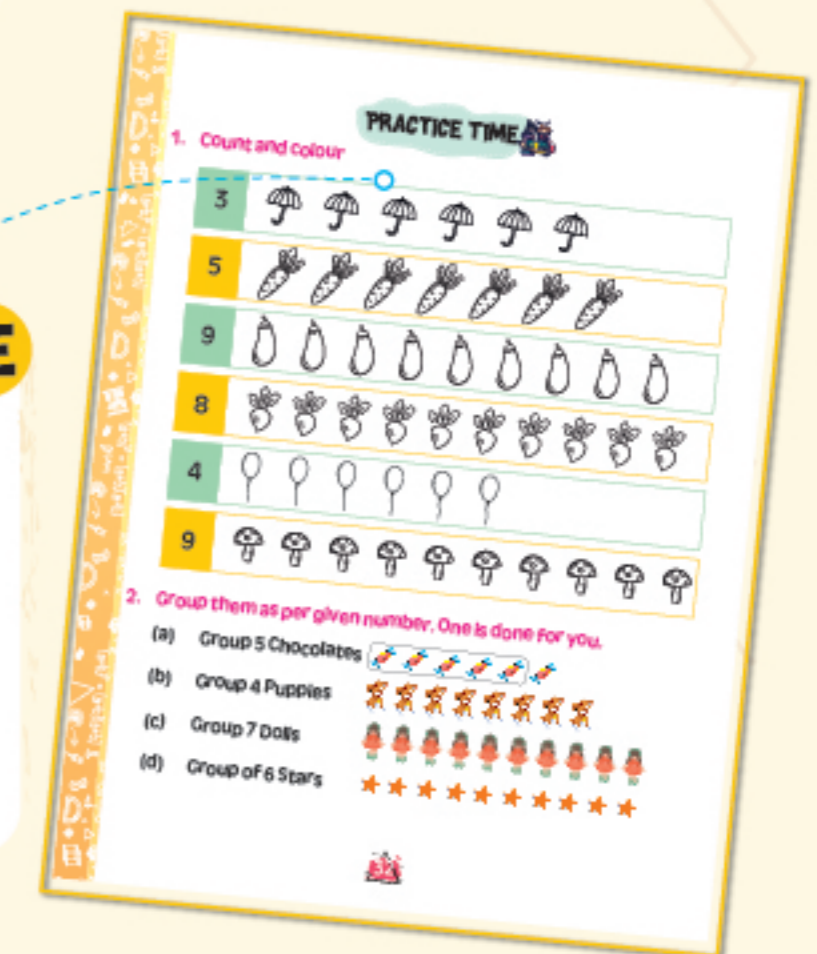

The series developed for class 1 to 8 mathematics based on the National Education Policy (NEP) and the New National Curriculum Framework (NCF) aims to provide a comprehensive and holistic approach to teaching mathematics to students in these grade levels. The series focuses on developing a deep conceptual understanding of mathematical concepts, problem-solving skills, and mathematical reasoning abilities among students. It emphasizes the use of real-life examples and applications to make mathematics more relatable and relevant to students. It encourages students to explore, discover, and make connections between different mathematical concepts and ideas. It provides opportunities for students to develop their mathematical thinking skills, such as logical reasoning, critical thinking, and creative problem-solving. The series includes a variety of resources, such as textbooks, workbooks, teacher guides, and digital materials, to support both teachers and students in their mathematics learning journey. It also incorporates formative and summative assessments to monitor students' progress and provide feedback for further improvement. Overall, the series developed for class 1 to 8 mathematics based on NEP and new NCF aims to foster a positive and engaging learning environment for students, where they can develop a strong foundation in mathematics and build the necessary skills for future academic and real-life applications.

## Inside the book

### PRACTICE TIME

The "Practice Time" section is a dedicated space in this math book that empowers students to consolidate their knowledge, apply mathematical concepts, and hone their problem-solving skills. This section is strategically designed to enhance the learning process and provide opportunities for students to actively engage with the material.

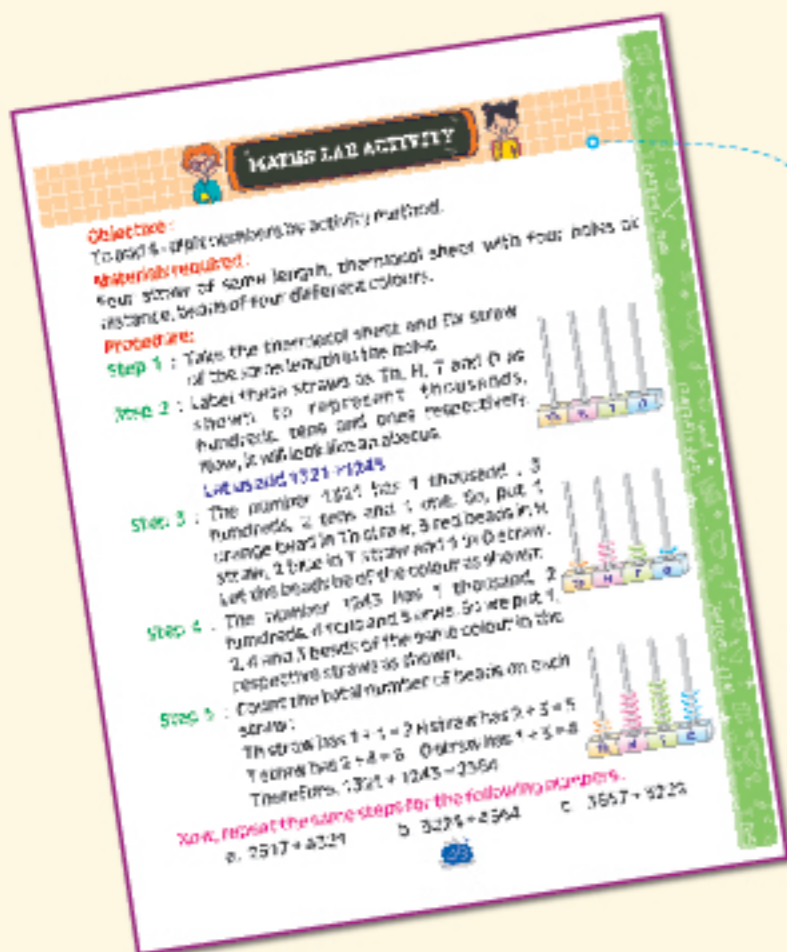

### FUN WITH MATH

The "Fun with Math" section is a unique and engaging feature that transforms learning into an enjoyable experience. This component is designed to instill a sense of curiosity and fascination with mathematics.

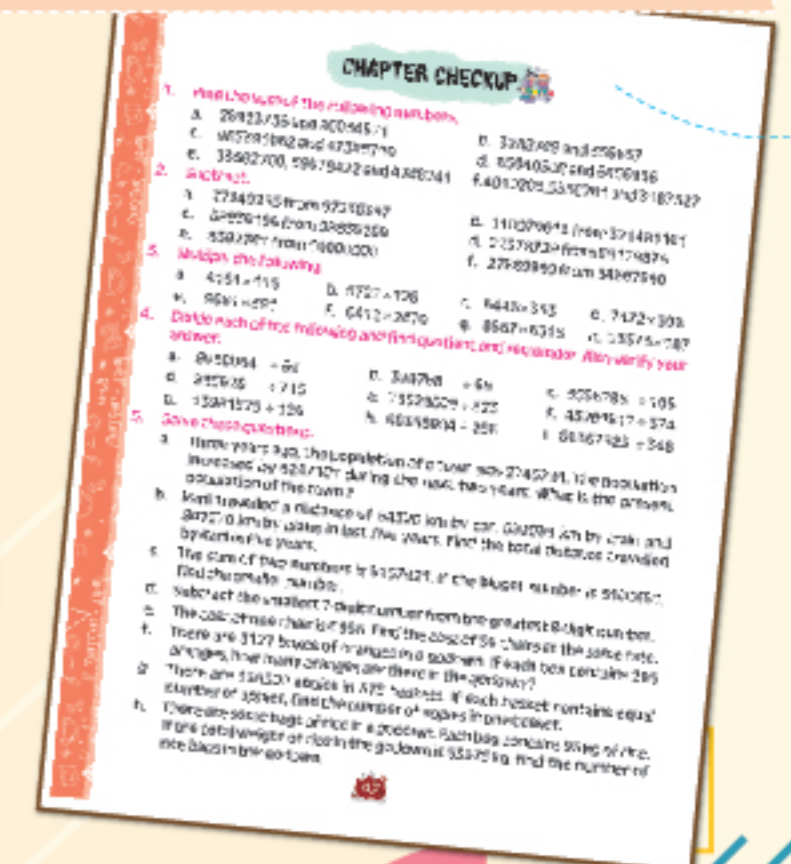

### MATH LAB ACTIVITY

The "Math Lab Activity" component is a distinctive feature that sets this book apart. It provides hands-on, interactive exercises that engage students in practical applications of mathematical concepts. These activities encourage critical thinking, problem-solving, and a deeper understanding of abstract ideas. Through real-world scenarios and experiments, students not only learn the theory but also witness how math plays a crucial role in various aspects of everyday life.

### CHAPTER CHECKUP

The "Chapter Check-Up" is a unique assessment tool designed to evaluate student's comprehension and retention of the material covered in each chapter. It comprises a series of thought provoking questions, problem-solving tasks, and critical thinking challenges. This section not only tests factual knowledge but also assesses a student's ability to apply concepts in novel contexts. It provides a valuable opportunity for self-assessment and allows teachers to gauge the progress of their students effectively.

## Key Features of "Navigate Series"

**HOLISTIC CURRICULUM:** Our series encapsulates the essence of NEP 2020 and NCF 2023, focusing on holistic development by nurturing cognitive, emotional, and social skills. Each book is meticulously crafted to promote a deep understanding of the subject matter.

**SUBJECT-SPECIFIC BRILLIANCE:** "Navigate Series" encompasses individual books for each subject, catering to the specific needs and learning objectives of different grade levels. It ensures that students receive subject-specific excellence while maintaining continuity in their overall education.

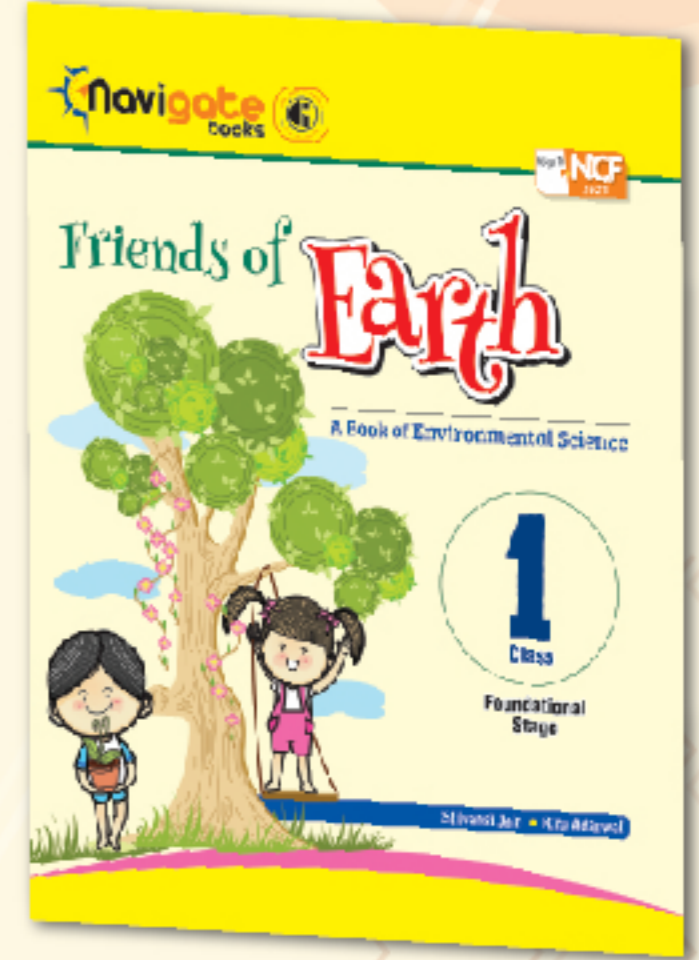

**DIGITAL INTEGRATION:** We've embraced the digital age with open arms. "Navigate Series" seamlessly integrates with a state-of-the-art mobile application that offers a treasure trove of resources. From digital content to video lectures, animated videos, and teacher resource material, students have access to a rich multimedia learning experience.

**EMPOWERED TEACHERS:** Recognizing the pivotal role of educators, we provide comprehensive teacher support materials and lesson plans, enhancing their ability to deliver engaging and effective lessons. We believe that well-equipped teachers empower students to excel.

**ASSESSMENT AND EVALUATION:** "Navigate Series" doesn't stop at teaching; it focuses on learning. Our series incorporates a sophisticated test paper generator that enables teachers to create assessments tailored to their students' progress and understanding.

**24/7 SUPPORT:** We understand that learning doesn't adhere to a strict timetable. Hence, our company help desk is available round the clock to address any queries or concerns, ensuring uninterrupted support.

# Navigate books

This series is based on the National Education Policy (NEP) 2020. This series focuses primarily on **logical thinking abilities, information and communication skills, decision-making and problem-solving skills** so that students can master the 21st century skills and abilities.

## Curves and Swirls

A unique book of Cursive Writing for 1 to 5

### Key Features

- Letter Formation:
- Practice Pages
- Word and Sentence Exercises
- Gradual Progression
- Penmanship Tips
- Variations in Cursive Styles
- Age-Appropriate Material

These books typically contain a series of exercises and practice sheets that guide learners through the process of forming cursive letters, words, and sentences. Here are some common features you might find in a cursive writing book

**Letter Formation:** Cursive writing books often start with teaching the basic formation of cursive letters. They provide step-by-step instructions on how to create each letter correctly.

**Practice Pages:** These books include numerous practice pages with traceable letters and words, allowing learners to practice their cursive handwriting.

**Word and Sentence Exercises:** As learners progress, cursive writing books typically introduce words and sentences to help them apply their skills in a practical context.

**Gradual Progression:** Cursive writing books usually follow a gradual progression, starting with simple letters and gradually moving to more complex combinations and words.

**Penmanship Tips:** Some books offer tips and techniques for improving penmanship, including guidance on posture, hand positioning, and the correct grip on the writing instrument.

**Variations in Cursive Styles:** Depending on the book, you might find different cursive styles, such as traditional cursive, italic, or modern variations.

**Age-Appropriate Material:** Cursive writing books are available for different age groups, from young children to adults, ensuring that the content is suitable for the learner's level.
